What is the Mr Drains Giving Back Foundation?

Established in 2011, the **Mr Drains Giving Back Foundation** believes there is an obligation to support those who have fallen on hard times in our community. As a non-profit, non-government fund, administered by an independent board we can react quickly to needs within our community.

An important feature of the **Mr Drains Giving Back Foundation** is that our plumbing business provides all administrative support at no charge. Our trustees volunteer their time. All this means that your donation goes directly towards the support of those who really need our help wherever they are – either around the corner or around the world.

Who we help

The **Mr Drains Giving Back Foundation** assists people in our community who genuinely need help making ends meet.

- We were recently able to assist a customer with a terminal illness to make the necessary changes to their bathroom allowing them to remain in the comfort of their own home surrounded by those who could love and care for them.
- A single mother unable to make ends meet received support from the **Mr Drains Giving Back Foundation** to cover the registration and insurance on her car so she could continue to go to work and earn the income necessary to support her family.
- **Mr Drains Giving Back Foundation** was also able to fund youth work ventures in the community.

All of these opportunities to help others would not have been possible without your assistance.
